

## GIS Day 2005

933 Mobile Dr. | [Click here for map](#) [1]

The City of Longview and the Gregg County Appraisal District celebrated GIS Day 2005 within the city's library conference room.

A crowd of 125 people, including local dignitaries, emergency response personnel, various city and county employees, a handful of intrigued citizens, and a classroom of inquisitive youngsters, attended the festivities.

All attendees were greeted with a visually stunning display of wall-mounted maps (incorporating a past, present, and future theme) and four screens constantly projecting assorted GIS-related imagery including the city's ArcIMS website and the Gregg Appraisal Parcel Finder application. A feast of tasty finger foods and beverages was served, as well. We are already eagerly anticipating next year's planned events. – Roger Moser, Jr., City of Longview GIS Data Specialist

*City employees study an aerial image of Longview, circa yesteryear.*

*A group of ladies admire and discuss today's GIS technology as currently being utilized by the City of Longview.*

*Various personnel gather around the buffet table while gazing at mapped images of tomorrow.*

*GIS applications are projected on the big screen while being eagerly absorbed by attendees of Longview's GIS Day celebration.*

*The fine folks who helped make the City of Longview's GIS Day festivities possible.*
